Photography Challenge

• Go on an adventure to photograph as many things as possible beginning with a certain letter. How many things can you find that start with the first letter of your name?

• Take three pictures and use them to create a story.

• Start a family journal. You can use pictures you already have and include some new ones you have taken.

• Make a frame from materials you find around the house (Links to Green Challenge). Use it to display a favourite photograph.

• Take pictures of things, inside and out, that are mainly your favourite colour. Create a collage or pattern using the pictures.

• Capture a toy in various poses and places and use the pictures to create a comic strip or book of its adventures.

• Take photos of places and objects linked to a theme of your choice (Food, flowers, insects etc).

• Pick an emotion. Find ways to represent this emotion through photographs.

• Choose a favourite photograph you have taken that shows reflections and/or shadows.

• Take some close-up pictures of objects. Can someone at home guess what it is? You could turn this into a great quiz. Fruit and vegetables that have been cut in half are particularly good for this activity.
